**To:** Voters First Act  
**Subject:** Comment on the proposed slate

My comments will be brief: I write only to commend the eight members of the Commission for your exceedingly thoughtful and careful deliberation, and for the impressive and well-rounded slate of six remaining commissioners that you have proposed. I was among those watching the proceedings as they were streamed, and you are -- individually and together -- a credit to the process that California's citizens put in place.

Yours,

Justin Levitt
