To provide some structure to the session, a PowerPoint template is available upon registration to assist you in preparing a presentation. As presenters will have no more than 15 minutes each, this template will help groups ensure they convey what will be most helpful to the Commissioners. All other members of the public or groups that do not register are welcome to make public comment after those who registered are finished.

The template will also be posted on the web at <http://wedrawthelines.ca.gov/>
