Join us for the RedistrictingCA Conference

In 2011, California will redraw our state and congressional district lines. For the first time, the lines will be drawn by the new voter-approved Citizens Redistricting Commission. How the lines are drawn will determine whether communities have a fair opportunity to elect the candidates of their choice in state legislative, Board of Equalization, and congressional elections. Learn more about the new commission, how to give your community a voice and how to educate your community on the important issues regarding redistricting in California.

The conference fee is \$25. People with financial hardship may contact (213) 252-4552 for information regarding scholarships. Reservations will be accepted on a first come, first served basis. See the full conference agenda [here](#).

Bernard Parks, who currently occupies the seat for Los Angeles City Council District 8, is running for re-election on the March 8th ballot, and two challengers have stepped up to attempt to unseat him, Jabari Jumanee, and Forescee Hogan-Rowles, the executive director of a local non-profit that specializes in job creation and community economic development, who every week for the past few weeks has been picking up influential endorsements from community, business, political and labor leaders.

Equally as important to 8th District stakeholders as who is elected, is what should be expected of them. Said another way: **WHAT IS THE AGENDA OF THE PEOPLE OF THE 8TH DISTRICT?**

Far too often in our backyard citizens wait for politicians and powerful groups to define the political agenda, without ever being part of the discussion. Eighth District Grassroots Rising, a coalition of local resident, neighborhood council, block club, homeowners association, business and community group leaders seeks to change that with the first ever 8th Council District People's Convention.

To read more about the event, see today's Bottom Line in The Wave Newspapers.

The Fix Expo Team encourages you to come to the convention - the **PEOPLE'S CONVENTION** - and bring your neighbors, networks, ideas and concerns with you.

The decisions that will be made over the next four years by the 8th Council District representative will have a significant on the long-term landscape of our South Los Angeles community. We must proactively define what it looks like.

- How can we ensure that the Crenshaw Rail Line is built better than the Expo Line and that the workers who build the line are from the community?
- What about the impact of development around both the Expo Line and future Crenshaw Line stations? How can we ensure residents are not displaced?

These are just a couple of the important topics where **YOUR VOICE IS NEEDED!**

So please join with fellow residents, business owners and community leaders as the state of the 8th district is discussed, and, in the spirit of unity, the needs, desires and vision for South L.A.'s future is defined.

There will be no speeches by politicians. This is a critical convention of, for and by the people.
